DEAR CUSTOMER

Thank you for your purchase and we hope that you will buy from us in the future! We have been making LARPing gear for over 10 years and continue to be humbled and delighted by your creativity and passion, which in turn inspire us to create better and more compelling products.

RETURNING PRODUCTS

Should you want to return the product to us, there are two ways to return a product to us, depending on why you want to return it to us. 1 Returns and 2 Defects. Be aware that the Return address is not always the same as the shipping address, which is why you should always check the address at the bottom of the Return form.

RETURNS

If you receive a product and you aren't happy with it for whatever reason, either because it is the wrong size or if the colour or item is not what you expected and it has been less than 30 days since you bought and received your product, you simply have to fill out a Return form, repackage the product in its original box and ship it back to us. If it has been under 30 days since your purchase, we will refund a product that lives up to the requirements written above. For health issues we do not take back open containers of makeup or contact lenses unless you call us to explain the situation beforehand.

DEFECTS

If you detect a manufacturing defect in your product within 2 years of purchase, we will repair or replace the product. Send us an email with your invoice or order number, description of the defect with photos. We will then investigate the issue and suggest the best course of action for you.

Please make sure to be thorough in your description and take good, well-lit photos that highlight the issue, so we can make the best decision.
